

Get the most out of corporate super

We see creating and looking after your wealth as a lifelong commitment. That's why we offer regular financial advice and guidance throughout the different stages in your life. Together, we can build the financial wealth that lets you enjoy the truly important things in your life.

Corporate superannuation is an important part of any business. As a business owner, you must ensure each employee receives the statutory 9 per cent superannuation benefit. But a good corporate super plan is much more than that.

You and your employees will get the most benefit from a corporate super plan that is both easy to administer and competitive, ensuring you all reap the rewards of your workforce years when you retire. A good super plan can also be used to attract staff and reward loyal and high-performing employees.

Genesys wealth advisers provide specialised corporate super advice, with the backing of dedicated staff who research corporate super products to help find the right one for your business. We can make corporate super easy and efficient, while maximising your employees' retirement savings. Our services cover:

- Reviewing your current arrangements.
- Helping you establish a superannuation solution that is easy to administer and caters for employees' investment needs.
- Supplying the education necessary for your employees to understand their super and be kept informed over the longer term.
- Providing you with easy access to your corporate superannuation account.
- Providing your employees with easy access to information on their individual account.
- Offering individual wealth advice to your employees, as required.
- Assistance with super choice legislation.

At Genesys, we want you to get the most out of life so you can take advantage of any opportunity and be prepared for any challenge – that's what wealth advice is all about.

Note: Advice contained in this flyer is general in nature, and does not consider your particular situation or needs. Please do not act on this advice until its appropriateness has been determined by a qualified adviser.
